Case Study - January 2018

Pro Soundproof Door Seal Kit

Client: First Avenue Guesthouse – Lisa Rentzke

Location: Port Elizabeth

History: First Avenue Guesthouse required various guest room doors to be soundproofed without replacing the entire door. Genesis Acoustics was approached to provide a solution that was both effective and aesthetically pleasing.

The Solution: Each door was treated using our complete Pro Door Soundproof Seal Kit which was installed by the Genesis team.

The solution was achieved using the following products:

- Genesis Pro Soundproof Door Seal Kit comprising of GA99 (drop-seal), GA120 & GA10 (perimeter seals).

Lisa's comments:

"Genesis Acoustics provided us with excellent sound seals for our guest room doors which has made a big difference. The service was great!"

PERIMETER SEALS

ACTIVE DROP SEAL
